ICE MAKER

Ice is always there
where or when you need!

ABOUT US

**ICE IS ESSENTIAL TO MAKE QUALITY DRINKS.
DELUX WILL PROVIDE YOU FRESH TASTING
CRYSTAL CLEAR ICE MAKING YOUR DRINKS
BETTER.**

Delux offers one of the most reliable machines to the Australia market. The machines are custom designed to handle tough working environment such as tropical climate and heat. Every ice maker is environmentally friendly, low water consumption and energy efficient.

Whether you need cube, crescent or snow ice, Delux will provide a suitable, affordable and reliable ice maker which meets your requirements and exceeds your expectations. What is more, Delux product range also includes the super volume storage freezer & refrigerator allowing you to quickly preserve food, drink and goods. which is a good choice to meet your commercial demand application.

Delux is at the forefront of new technology and is committed to high standards in hygiene and efficiency. Delux ice makers are sold in more than 40 countries with over 200,000 happy customers who enjoy quality ice. We invite you to participate in our success story and maximise the value of ice in your business.

Ice is always there,
where or when you need !

SELF CONTAINED ICE MAKER

CAN BE INSTALLED ANYWHERE

DLX-40 / DLX-60 / DLX-90

FEATURES

- Produces crystal clear ice cube and melts down slowly
- Up to 45/62/102kg production per day
- Up to 13/22/34kg storage capacity
- Free water filter supplied with every ice maker
- Stainless steel body with reinforced industrial grade plastic
- Intelligent functionality and simple electro mechanical controls
- Low water consumption technology
- Maximum cooling performance
- Superior energy efficiency
- Automatic & Manual water cleaning function
- Removable and washable front access condenser air filter
- Easily accessible front panel mount ON-OFF switch
- Routine maintenance reminder alarm light on front panel
- Ergonomically designed ice-storage access, with disappearing door
- Adjustable and removable legs
- Complete with water & drain hoses and ice scoop
- CFC-free Refrigerant
- One year manufacturer warranty

SELF-CONTAINED TYPE

- * Free water filter supplied with every ice maker
- * Production may fluctuate based on ambient and water temperature
- * Technical features subject to change without prior notice

FULL DICE CUBE

ICE CAPACITY	Up to 45kg cube ice production in 24 hrs 13Kg storage bin
FEATURES	Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
PARAMETER	Machine Dimensions: 505 W x 656 D x 845 H mm Net weight 44 Kg 230V/ 50Hz power supply 360W power consumption

CRESCENT CUBE

ICE CAPACITY	Up to 43kg crescent ice production in 24 hrs 13Kg storage bin
FEATURES	Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
PARAMETER	Machine Dimensions: 505 W x 656 D x 845 H mm Net weight 44 Kg 230V/ 50Hz power supply 380W power consumption

FULL DICE CUBE

Up to 62 kg cube ice production in 24 hrs 22 Kg storage bin
Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
Machine Dimensions: 610 W x 656D x 960 H mm Net weight 52 Kg 230V/ 50Hz power supply 400W power consumption

CRESCENT CUBE

Up to 56kg crescent ice production in 24 hrs 22 Kg storage bin
Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
Machine Dimensions: 610 W x 656D x 960 H mm Net weight 52 Kg 230V/ 50Hz power supply 420W power consumption

FULL DICE CUBE

Up to 102 kg cube ice production in 24 hrs 34Kg storage bin
Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
Machine Dimensions: 715W x 656 D x 960 H mm Net weight 57 Kg 230V/ 50Hz power supply 740 W power consumption

CRESCENT CUBE

Up to 94kg crescent ice production per 24 hrs 34Kg storage bin
Low water consumption Stainless steel body with reinforced industrial grade plastic Removable air filter Complete with water & drain hoses and ice scoop
Machine Dimensions: 715W x 656 D x 960 H mm Net weight 57 Kg 230V/ 50Hz power supply 760 W power consumption

Ice, water dispenser,
Inspires your life.

ICE WATER DISPENSER UP TO 14/24KG

ICE WATER DISPENSER ICE MAKER

DISPENSES EITHER ICE OR WATER OR BOTH

DLX-15 / DLX-25

FEATURES

- Produces individual crystal clear ice cube without dimple
- Trouble free operation with a choice of ice, water and ice or just water
- Up to 14/24kg production per day
- Up to 2/3kg storage capacity
- Free water filter supplied with every dispenser
- Stainless steel body with reinforced industrial grade plastic
- Intelligence with multi electromechanic functionality controls
- Superior energy efficiency
- Automatic water cleaning
- Hygienic design with minimal risk of contamination
- Removable and washable air filter
- Adjustable and removable legs
- Complete with water & drain hoses
- CFC-free Refrigerant
- One year manufacturer warranty

ICE DISPENSER TYPE

UNDER-COUNTER & FREESTANDING ICE MAKER

- * Free water filter supplied with every dispenser
- * Production may fluctuate based on ambient and water temperature
- * Technical features subject to change without prior notice

CRESCENT CUBE

ICE CAPACITYUp to 14 kg production per 24 hrs
2Kg storage bin

FEATURESMinimal risk of contamination.
Stainless steel body with reinforced industrial grade plastic
Removable air filter
Complete with water & drain hoses and ice scoop

PARAMETERMachine Dimensions: 230 W x 545 D x 680 H mm
Net weight 28 Kg
230V/ 50Hz power supply
170W power consumption

CRESCENT CUBE

ICE CAPACITYUp to 24 kg production per 24 hrs
3 Kg storage bin

FEATURESMinimal risk of contamination.
Stainless steel body with reinforced industrial grade plastic
Removable air filter
Complete with water & drain hoses and ice scoop

PARAMETERMachine Dimensions: 350 W x 550D x 680 H mm
Net weight 32 Kg
230V/ 50Hz power supply
250W power consumption

Ice is always there, Where or when you need !

MODULAR ICE MAKER

MAKE BETTER ICE FOR QUALITY COLD BEVERAGES.

Modular units offer high production capacity perfect for food service, hospitality and supermarket applications.

Our machines provide superior performance, energy efficiency and make perfect clear slow melting ice.

DLX-130 / DLX-230

FEATURES

- Produces crystal clear ice cubes and melts down slowly
- Up to 130/208kg production per day
- Free water filter supplied with every modular ice maker
- Stainless steel exterior
- Simple and reliable electromechanical controls
- Troublefree operation and maintenance
- Constantly monitoring auto alert indicator
- Low water consumption technology for water conservation
- Easy installation
- Maximum cooling performance
- Superior energy efficiency
- Patent evaporator design minimises the risk of bacteria contaminants
- CFC-free Refrigerant
- One year manufacturer warranty

MODULAR ICE MAKER UP TO 130/208KG

MODULAR TYPE

- * Free water filter supplied with every modular ice maker
- * Production may fluctuate based on ambient and water temperature
- * Technical features subject to change without prior notice

FULL DICE CUBE	
ICE CAPACITY	Up to 130kg production per 24 hrs
FEATURES	Low water consumption Stainless steel external body
PARAMETER	Machine Dimensions: 565 W x 615 D x570 H mm Net weight 54 Kg 230V/ 50Hz power Supply 790W power consumption

MODEL SB-90 SUGGESTED ICE BIN
90kg storage bin
Complete with water & drain hoses and ice scoop
Dimensions: 565 W x 805 D x 905 H mm
Net weight 38Kg

MODEL SB-180 SUGGESTED ICE BIN
180kg storage bin
Complete with water & drain hoses and ice scoop
Dimensions: 765 W x 805 D x 985 H mm
Net weight 45Kg

FULL DICE CUBE	
ICE CAPACITY	Up to 208 kg production per 24 hrs
FEATURES	Low water consumption Stainless steel external body
PARAMETER	Machine Dimensions: 765 W x 615 D x 570 H mm Net weight 70 Kg 230V/ 50Hz power supply 870W power consumption

Natural snow,
Perfect for any beverage and dessert.

DSM 200

SNOW MACHINE UP TO 200KG

- * Free water filters supplied with every snow maker
- * Production may fluctuate based on ambient and water temperature
- * Technical features subject to change without prior notice

SNOW MACHINE

PERFECT FOR ANY BEVERAGE

Snow maker is a machine that produces real natural snow, which is perfect for making various cold desserts, such as natural fruit juice, snow slush and sweet bean with snow etc.

Perfect for restaurants, bars, cafés, coffee shops, cold drink store, Interior shop, offices, and medical uses.

FEATURES

- Natural SNOW, great for various cold desserts and drinks
- Ultraviolet UV Water Sterilizer System.
- Continuous snow making with 200kg capacity per day.
- Cooling & foam insulation design of the inner chamber, prevents snow melting for longer period of time.
- Bar in door - Design for easy use.
- Stainless steel construction
- Intelligent display touch screen design, provide screen saver for advertisement, promotion purpose.
- Monitoring operation status record for maintenance and diagnostic feedback purpose.

TYPE

ICE CAPACITY	Up to 200 kg production per 24 hrs 18Kg storage bin
FEATURES	Low water consumption Stainless steel body with reinforced industrial grade plastic Complete with water & drain hoses and ice scoop
PARAMETER	Machine Dimensions: 580 W x 550 D x 1300H mm Net weight 57 Kg 230V/ 50Hz power supply 1230W power consumption

Super volume
And massive storage.

CHEST FREEZER UP TO 508 LITRE

CHEST FREEZER

SUPER VOLUME STORAGE

DCF-508 chest / DCF-658 chest

FEATURES

- Delux commercial fridge freezer has super volume storage with fast freeze function allowing you to quickly preserve goods.
- Perfect for all your commercial application within all food& drink segments such as meat, sea food or ice cream.
- Low energy consumption
- Super thick insulation for better thermal efficiency.
- Easy conversion between fridge and freezer
- Lift-up handle with integrated lock & key.
- Storage baskets included.
- CFC-free Refrigerant
- Optional stainless steel top available on request

CHEST FREEZER TYPE

* Technical features subject to change without prior notice

DCF-508 chest

STORAGE CAPACITY

508 Litre storage capacity

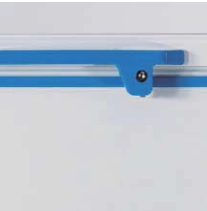

FEATURES

- Low energy consumption
- Easy conversion between fridge and freezer
- Lift-up handle with integrated lock & key.
- Storage baskets included.

PARAMETER

Machine Dimensions: 1805 W x 771 D x 812H mm
Net weight 77 Kg
230V/ 50Hz power supply
140 W power consumption

Super volume and massive storage!

Lift-up handle with integrated lock & key

Adjustable temperature
Front ON-OFF switch

Castor wheels for easy movement

High efficiency compressor

DCF-658 chest

STORAGE CAPACITY

658 Litre storage capacity

FEATURES

- Low energy consumption
- Easy conversion between fridge and freezer
- Lift-up handle with integrated lock & key.
- Storage baskets included.

PARAMETER

Machine Dimensions: 2025 W x 8200 D x 850H mm
Net weight 104Kg
230V/ 50Hz power supply
265W power consumption

Smart & Sophisticated ICE technology

MAKE PERFECT ICE FOR ANY COLD BEVERAGE BETTER

Ice cubes are crystal clear, melt slowly and cool drinks quickly.

LOW WATER CONSUMPTION TECHNOLOGY

Optimization design for water consumption to reduce operation cost as much as possible.

REMOVABLE & WASHABLE FILTER

Removable and washable air filter prevent condenser blockage and lead channels correct air flow.

REINFORCED BODY FOR DURABILITY

External body build in polished stainless steel and reinforced industrial grade plastic with rounded edges door.
